THE CANTON AMATEUR RADIO CLUB

JUNE / JULY 2005

## BRACE YOURSELVES: FIELD DAY IS HERE

Now that Dayton is behind us it is now time to look forward towards Field Day. Again this year the CARC field day will be held at the farm of Frank and Darryl Dearman located at 2345 Baum St. S.E. Canton, Ohio, on June 25-26.

To make this years Field Day a success and fun for all involved we need the help of the CARC members. So far all but 4 of the committees have been filled. All of them by club officers and trustees. The committees yet to be chaired are Site Prep, Safety and Generators, Food, and Pictures/history. None of these jobs take more the a few hours of time and yet are very important to a successful Field Day.

So, if you can spare a few hours and want to help I'm sure the officers and trustees would be very grateful. Contact Scott W8JT (330-493-4841) or Scott KK8D at (330-484-6722) if you which to help. Also don't forget if you have time we could use help setting up Friday, June 24 starting around 4:00 p.m. and also tearing down after 2:00 p.m. on Sunday June 26.

## THE ELEKTRON RADIO CLUB OF CANTON

Thanks to the efforts of Mr. Kenneth Young, of North Canton, a large envelope was sent to the Canton Amateur Radio Club. This package contained the original Constitution and By Laws of the Elektron Radio club of Canton. What a treasure was found! Their first meeting was held on August 27, in the year 1920.

There were five members at the first meeting. The dues were established at 50 cents per week, with a \$ 5.00 entrance fee. The minutes list the first five members as: Norman and Laurence Schufele, Willard Miller, Theodore Richards and Joyce Hufler. At the first meeting, Joyce was elected as the "Chief Operator" and Norman Schaufele was elected Treasurer. Bank statements, from the George D. Harter Bank, show N.E. Schaufele's address as 1438 9<sup>th</sup> St. NE, Canton.

Business decided at that first meeting directed Norman and Willard to "find out about a

pipe for the wireless mast". Theodore was to search for a pipe in the scrap cars at the freight yard. The club agreed to pay the electrician at "Gilliams" five dollars down and four or five dollars per month thereafter, but that they would not buy the generator until one month later. Those first five also agreed to go to Henry Leigh's wireless station on Wednesday night at 6:30.

There is much to review in this gift package. The minutes of the first ten (and perhaps only) minutes of the club are yet to be reviewed. The Constitution and By-Laws are type-written. The meeting minutes are handwritten but not signed, so we must guess who the Secretary was. There are many questions left to ask.

Watch for future articles in the Feedline. Please contact N8PW if you can shed any light on this historical club!
